CAREER OBJECTIVE

Aspiring **Software Engineer** with specialization in **Data Analysis** and **Machine Learning**. Skilled in **Python, SQL**, and **Power BI** with hands-on experience in building analytical tools and predictive models. Eager to contribute to innovative software solutions through data-driven development.

EDUCATION

Bapatla Engineering College (Autonomous)   04/2024
Bachelor of Technology in Information Technology (CGPA: 8.5)   *Bapatla, Andhra Pradesh, India*

Sri Chaitanya Junior College   05/2020
MPC (percentage : 97)   *Addanki, Andhra Pradesh, India*

Viswa Bharathi High School   04/2018
Primary Education (CGPA: 9.8)   *Addanki, Andhra Pradesh, India*

WORK EXPERIENCE

Glucksort Private Limited   Guntur, India
Associate Data Analyst - Intern   10/2024 – 12/2025

- Cleaned, processed, and analyzed datasets using **Python (Pandas, NumPy)**.
- Designed **Power BI dashboards** to visualize KPIs and monitor performance metrics.
- Conducted data-driven analyses using **Excel (Pivot Tables, VLOOKUP, Charts)**.
- Identified key trends and generated insights that supported strategic business decisions.

TECHNICAL SKILLS

Technical: Object-Oriented Programming, Python for Data Analysis, SQL, MS Excel, HTML, CSS, Agile & Scrum
Tools: VS Code, PowerBI, Google Colab, Git, n8n
Specializations: Data Analysis, Machine Learning Fundamentals, LLM Training & Fine - Tuning, Prompt Engineering, , Data Annotation & Labelling
Frameworks: Flask, Scrum
Automation: AI Automation using n8n

PROJECTS

Analysis and Prediction Of Student Placement Data: Jan 2024 – Apr 2024
- **Technologies**: Python, Flask, HTML, CSS, Plotly, Random Forest.
- Developed a **Flask web application** for Bapatla Engineering College to analyze and predict student placement trends using historical data.
- Implemented interactive dashboards with Plotly and trained a Random Forest model to assist in strategic placement planning.

Play Store App Review Analysis: Nov 2024 – Jan 2025
- **Technologies**: Python, Pandas, Matplotlib, Seaborn, PowerBI
- Performed **EDA** on Play Store data to uncover engagement factors like ratings, reviews, and installs.
- Visualized trends in app categories, pricing, and sentiment to generate actionable business insights.

ACADEMIC INTERNSHIPS

Web Development Intern | *Internshala* | *05/2022 – 07/2023*
- Completed a Web Development Internship and developed a project titled PG Life, a paying guest booking website.
- Built responsive and user-friendly web interfaces using **HTML, CSS, JavaScript, and React.js**.

CERTIFICATIONS

Data Analytics - Udemy   **Project Management** - Google
Introduction to SQL - Simplilearn   **Python Programming** - Swayam NPTEL
Agile Scrum - Simplilearn
